## COMMUNITY NOTICE

January 29, 2026

### **Update Regarding the Hockey Dome**

Dear Members,

On January 10th, TTN faced an emergency where the structure of our hockey dome failed and collapsed. Our emergency response team and community support workers acted quickly to ensure the safety of our citizens. On behalf of the community, we thank you for the speed and efficiency of your response.

Although this was a devastating moment, there is a silver lining in how we can rebuild a better and improved facility for everyone to enjoy for years to come. With our partners, we will be developing blueprints for a newly designed fully enclosed arena that will include a heated spectator viewing section, rink, dressing rooms, and fitness center.

I would like to thank our community owned company, Takwata Builders, for their immediate response to offer support and their professional removal of the dome. We look forward to presenting you with a few options to consider as we keep working towards building improved infrastructure for our community to enjoy.

Meegwetch,

Chief Bruce Archibald
